**CENTER NEWS**

**A New Age of Horticulture**

A "new age" of horticulture will dawn this fall with more community oriented programs. Special events will be the Fifth Annual Center for Urban Horticulture Open House; Northwest Horticultural Society Plant Sale; the Arboretum Foundation Unit Council Bulb Sale and expanded Greens Galore; and the opening of our first renovated garden (Witt Winter Garden) in the Washington Park Arboretum. Watch for exciting new classes, lectures, and tours. If you have gardening questions, then check with the Miller Horticultural Library or the Sunday Master Gardeners in the Arboretum. At this rate, it won't be long until it's Christmas.

—John A. Wott
Professor, Continuing Education

**CUH Open House 1988**

The fifth annual Open House will be held Friday, October 7, 1988, 9:30 a.m.–5:00 p.m., and Saturday, October 8, 1988, 9:30 a.m.–2:00 p.m. Featured this year will be the new Douglas Research Conservatory and Greenhouse. Opportunities abound to talk with plant experts of all types.

**Douglas Conservatory**

On June 29 we officially dedicated the beautiful Douglas Research Conservatory. Invited guests received a first look at the new facilities during a special reception. Dr. Deane Wang, assistant professor of urban ecology, explained how the conservatory will be used in the Center's research and education programs. Center faculty and staff showed guests through the state-of-the-art facilities: greenhouse, laboratory, growth chambers, computer system, classroom, shop, and headhouse.

**Yellow Pages Direct Dial**

Great news. We have a full page color ad in the new American Directory Company's "Yellow Pages That Talk." Simply by dialing 624-4500 and then using the access code 2841, you'll be able to hear messages on all events. It will even describe plants for discriminating gardeners. Try it today!

**NHS Scholarship Winners**

To inaugurate their horticultural scholarship program, NHS selected three $1000 scholarship recipients. They are Clayton Anteau, Sarah Reichard, and Scott Medbury, all CUH graduate students. The Elisabeth Carey Miller Scholarship was initiated to support the research and education of graduate students.

**Miller Library News**

The Library recently celebrated its third birthday. In that time, we have catalogued 3,000 books and have added 2,000 new titles through gifts and donations.

Nan, Timothy, and Nancy Ballard have presented the Library with a copy of the limited edition *An Irish Florilegium: Wild and Garden Plants of Ireland*, volume one (which includes a beautiful illustration of Garrya x issaquahensis 'Pat Ballard', named after Nan's sister.)

The Northwest Chapter of the American Rock Garden Society presented the Library with volume two of *An Irish Florilegium*, and also with *A Bibliography for Seed Propagation*.

Thanks to all who have given gifts and donations in the past months.

**Joseph Witt Winter Garden**

The first major garden renovation in the Washington Park Arboretum is nearing completion. Funded by special donations through the Arboretum Foundation, this garden features many ideas for Pacific Northwest winter gardens. Special interpretive panels will enhance the visitor's experience in this memorial to the late Professor Joseph A. Witt, longtime Arboretum Curator. For details on the garden and its opening call 543–8800.

**Pardon the Sewers**

During the next few (?) months, the City of Seattle will be installing a new major sewer system along 41st Street N.E. Yep, right in front of our building. So be prepared for some inconveniences!
PUBLIC LECTURE SERIES

* $1.00 admission fee for lectures held at the Center for Urban Horticulture.

---

**The Plant Enthusiast** Second Wednesday of each month, 10:00 a.m., at the Center for Urban Horticulture.

- **Witch Hazels and Their Relatives**
  - Sept. 14
  - by Dan Hinkley
  - Witch hazels have long been prized for their fragrant winter flowers and glorious autumn color. Learning about the various members of this delightful group of plants, their propagation and culture, as well as their potential uses in Northwest landscapes.

- **Native Plants for the Landscape**
  - Oct. 12
  - by Helen Neill
  - The Pacific Northwest forest offers an enormous wealth of both landscaping ideas and plant material. Much of this material can be incorporated into your own garden. Discover the advantages of growing native plants and find out which are easiest to grow.

- **Shade Gardening**
  - Nov. 9
  - Pat Roome
  - Shade presents challenges in the garden, especially here in the woods. Pat Roome, landscape designer, will discuss the different degrees of shade and the qualities of each degree. Many shade loving plants will be exhibited so you can choose those best suited to your garden.

---

**Plants and Gardens of the World** Third Monday of each month, 7:00 p.m., at the Center for Urban Horticulture.

- **British Gardens: A Designer’s Perspective**
  - Sept. 19
  - by Jerry Sedenko
  - Landscape designer Jerry Sedenko will present an evening of slides illustrating several famous British gardens. From a designer’s perspective, he will discuss their different styles. See what combinations work well and pick up some ideas to take home.

- **Gardens of Australia**
  - Oct. 17
  - by Sheila Walters
  - Journey to the “land down under” to explore some of the most unique flora and fauna of the world. Our slide tour will travel from the tropics of Queensland to the deserts of Northern Australia, exploring the native plants as we go. Stops at the Royal Botanical Gardens in Sydney and Melbourne are included.

- **Autumn Tour of Japan**
  - Nov. 21
  - by Michael Brokaw
  - Join Michael Brokaw, grounds maintenance supervisor at North Seattle Community College, on a slide tour of Japan. Stops include the famous temple and palace gardens in Kyoto, the foothills of the Japanese Alps, the grounds of public parks, and the campus of Tokyo University.

---

**The Master Gardener** Second Friday of each month, 7:30 p.m., at the Center for Urban Horticulture.

Practical gardening information presented by the Washington State University Master Gardeners.

- **Greenhousing**
  - Sept. 9
  - by Justine McGrath
  - With such a large variety of greenhouses on the market today, how do you choose the one appropriate for your needs? Learn the advantages and disadvantages of a variety of greenhouses. Discover which greenhouse is best suited to your needs and how to maximize its use.

- **Garden Remodeling**
  - Oct. 14
  - Nota G. Lucas
  - Wondering what to do, besides moving, with a garden you really don’t like? What initial steps do you take in changing its structure? Nota Lucas discusses the basic concepts of remodeling an existing garden including a selection criteria for plant material and basic design principles.

- **Autumn Color in the Landscape**
  - Nov. 11
  - by David “D. C.” Clausen
  - Does your landscape lose its pizzazz after the summer blooms begin to fade? Learn how to bring life back to your landscape by adding a few touches of fall color. D. C. Clausen will show slides and discuss which trees and shrubs are best suited for their fall color.

---

**Brown-Bag Garden Talks**

First and third Wednesdays of each month, 12:10 to 12:50 p.m. Usually held at the HUB; call for details.

Enjoy these FREE informal lectures, walks, and demonstrations during your lunch hour. Jointly sponsored by the Center for Urban Horticulture and the Washington State University Master Gardeners.

- **Campus Tree Walk**
  - Sept. 7
  - by Van Bobbitt, Center for Urban Horticulture

- **The Key to a Healthy Lawn—Proper Fall & Winter Care**
  - Sept. 21
  - by Hal Harrison, WSU Master Gardener

- **Tour of Medicinal Herb Garden**
  - Oct. 5
  - by Doug Ewing, Friends of the Medicinal Herb Garden

- **Home Propagation Structures**
  - Oct. 19
  - by Barbara Selemon, Center for Urban Horticulture

- **Mole Control**
  - Nov. 2
  - Patricia Field, WSU Master Gardener

- **Hollies for the Holidays**
  - Nov. 16
  - by Virginia Morell, Past President, American Holly Society

URBAN HORTICULTURE COURSES

**Fall Blooming Roses**
Although we picture roses as May–June bloomers, many flower just as heavily in September and form a major part of the autumn garden. A lecture on rose selection, culture, and companion plants will be followed by a trip to the Woodland Park Rose Garden.

**INSTRUCTOR:** Gayle Walters
**DATES:** Saturday, September 10, 9:00 a.m. to noon
**FEE:** $10

**Dahlia Tour**
The sun loving dahlia provides color right up until frost. Join us for a tour of dahlia farms in King and Pierce Counties, as well as visits to home gardens of dahlia enthusiasts.

**TOUR LEADER:** Rebecca Johnson
**DATE:** Thursday, September 15, 8:45 a.m. to 3:30 p.m.
**FEE:** $30 (includes transportation)

**Beginning Bonsai**
Learn the aesthetics and techniques of this ancient Japanese art form and begin to train your own plant. This introductory series covers lectures and demonstrations of bonsai styles and techniques. A field trip to a bonsai collection and five workshop sessions are included.

**INSTRUCTOR:** Leo Cunningham
**DATES:** Saturdays, September 17 and 24, October 1, 8, 15, and 22, 9:00 to 11:00 a.m.
**FEE:** $45

**Hardy Fern Tour**
Learn about the wide variety of hardy ferns that can be grown in the Northwest while touring one of the country’s finest fern nurseries. Meet at Barfoed’s Hardy Ferns for a short lecture on fern recognition and culture, followed by a nursery tour and a discussion of commercial propagation.

**INSTRUCTOR:** Judith Jones
**DATE:** Saturday, September 24, 10:00 a.m. to noon
**FEE:** $10

**Containers for Fall and Winter Color**
Replace your summer annuals with a container full of fall and winter color plants and spring flowering bulbs. Once planted, this container will provide nonstop color through April, finishing up just in time to plant again with annuals. All materials will be provided at this hands-on workshop; each participant will take home one container to place in a sunny location.

**INSTRUCTOR:** Peggy Campbell
**DATE:** Thursday, September 22, 7:00 to 9:00 p.m.
**FEE:** $25

**Tour—Bloedel Reserve**
Join CUH staff as they visit the enchanting Bloedel Reserve, a 150-acre estate garden now devoted to plant-people interactions. Experience the Reserve’s legendary autumn color, then lunch at a nearby state park, and enjoy a tour of the Bainbridge Island Winery.

**TOUR LEADER:** Van Bobbitt
**DATE:** Thursday, September 29, 8:00 a.m. to 5:00 p.m.
**FEE:** $35 (includes transportation)

**Knowing and Growing Ericaceae**
All Northwesterners have rhododendrons growing in their gardens, and they are beloved, but there are many other delightful plants in the heath family, the Ericaceae. Learn about such treasures as Cassiope, Menziesia, Erikaanthus, and Pernettya—exotic Ericaceae genera from Chile and China, as well as natives from our own Cascades.

**INSTRUCTOR:** Sallie Allen
**DATE:** Wednesday, September 28, 7:00 to 9:00 p.m.
**FEE:** $10

**Ericaceae Propagation**
Learn to propagate ericaceous plants by seeds, divisions, and cuttings. Every home gardener can start these interesting ornamentals without complicated equipment or a greenhouse. All materials provided; participants will bring home potted cuttings.

**INSTRUCTOR:** Sallie Allen
**DATE:** Saturday, October 1, 9:00 to 11:00 a.m.
**FEE:** $18

**Botanical Illustration**
Botanical illustration is a form of art that strives for both beauty and accuracy of detail. Kevin Nicolay, also an instructor for the New York Botanical Garden, has revived the methods botanical illustrators used in eighteenth and nineteenth century. The first session will concentrate on learning the basic steps involved in making an accurate line drawing. The second session will detail the use of watercolor to create a realistic painting of a flower.

**INSTRUCTOR:** Kevin Nicolay
**DATES:** Saturdays, September 17 and 24, 9:00 a.m. to 3:00 p.m.
**FEE:** $45

University of Washington
Seattle, Washington 98195

A Gift of Learning: Give a gift certificate in the amount of one of the courses. Call Jan Davis for details (545–8033).
**Autumn Color Tour**

View the spectacular scenery of Mt. Rainier National Park when it is ablaze with autumn color. Come with us as we circle the mountain, tracing the tapestry of reds, yellows, and greens draping its slopes. We will stop to botanize at significant spots along the way.

**TOUR LEADER:** Jan Pirzio-Birolli  
**DATE:** Tuesday, October 4, 8:00 a.m. to 6:30 p.m.  
**FEE:** $35 (includes transportation)

**Planting Design**

This class for gardeners and designers will concentrate on combining plant material to create structure and year-round display. Learn plant selection for functional, aesthetic, and symbolic impact, and strategies for accommodating activities in the garden. Landscape designer Scott Pascoe will help students create a planting plan and will lead a tour through the Washington Park Arboretum, highlighting plants mentioned in the class.

**INSTRUCTOR:** Scott Pascoe  
**DATES:** Thursdays, October 20, 27, and November 3, 10, 7:00 to 9:00 p.m., and Saturday, November 12, 9:00 to 11:00 a.m.  
**FEE:** $40

**COMING EVENTS**

**Volunteer/Instructor Appreciation Events**

Our successful programs could not function without the hours devoted by our wonderful volunteers who help us in many ways. Please mark your calendars for Wednesday, November 16 (Volunteer Appreciation Dinner), and Friday, December 2 (Instructor Appreciation Social). Thanks! Thanks! Thanks!

**NHS Plant Sale**

The annual NHS Plant Sale will be held Friday, October 7, 1988, 9:30 a.m.—6:00 p.m., and Saturday, October 8, 1988, 9:30 a.m.—2:00 p.m., in parking areas of the Center for Urban Horticulture. This sale is the opportunity to complete those fall renovation plans. For a complete plant list, call the NHS office Wednesday or Friday mornings (527–1794) or Mike Hays weekdays (453–0480).

**Arboretum Foundation Bulbs/Holiday Greens**

The annual Arboretum Foundation Bulb Sale will be held Sunday, October 2, 1988, 11:00 a.m.—5:00 p.m., and Monday, October 3, 10:00 a.m.—1:00 p.m. Don’t miss the Pacific Northwest’s most diverse bulb sale. This year an expanded array of plants will also be offered.

Growing in popularity is the Greens Galore, scheduled for the first weekend in December. It’s an excellent early opportunity to make or purchase holiday greens.

Both events will be held at the Graham Visitors Center. Call 325–4510 for details.

**Northwest Flower and Garden Show**

Have you been planning?  
**Dates—**February 17–20, 1989  
**Where—**Washington State Convention Center  
**What—**Extravagant landscape gardens  
—Local competitions  
—Garden/horticultural sales  
—Demonstrations, special lectures  
—Opening night Preview Party to benefit Azalea Way in Washington Park Arboretum.

Are you/your organization involved? Don’t miss it. Call (206) 789—5333.

**Tour: Carl English Gardens**

The gardens at the Government Locks in Ballard contain an unusual array of trees and shrubs, including many plants of borderline hardiness that thrive at this mild, waterside site. Come learn about the exotic plant treasures of the Locks, as well as about some interesting uses of native Northwest plants.

**TOUR LEADER:** Van Bobbitt  
**DATE:** Thursday, October 6, 10:00 a.m. to noon  
**FEE:** $10

**Spring Bulb Gardens**

Even a handful of bulbs can contribute grace and elegance to spring gardens. This class will emphasize color combinations in crocus, narcissus, and tulips, especially smaller species and varieties suitable for containers and tight spaces. Learn about bulb culture for healthy, thriving plants, see a demonstration container of bulbs planted, and make a selection of bulbs to take home.

**INSTRUCTOR:** Mary Robson  
**DATES:** Section I—Wednesday, October 12, 7:00 to 9:00 p.m. OR  
Section II—Thursday, October 13, 7:00 to 9:00 p.m.  
**FEE:** $18 (includes materials)

**Landcape Design for the Homeowner**

Thinking about redesigning your outdoor living space? Whether you’re planning to do it yourself or in conjunction with a landscape architect, you will benefit from this class. Paul Broadhurst, a visiting London landscape designer, will discuss how to make a site analysis and evaluation and will help students individually create concepts and solutions for their outdoor living spaces.

**INSTRUCTOR:** Paul Broadhurst  
**DATES:** October 27 and November 1 and 3, 7:00 to 9:00 p.m.; Saturday, November 5, 9:00 a.m. to 3:00 p.m.  
**FEE:** $45

**Spice Wreath Workshop**

Create a holiday decoration for the home or office! Participants will decorate a straw wreath with colorful dried flowers, ferns, and mosses. Cinnamon, allspice, and anise will impart a delightful scent to these everlasting ornaments and will fill your holidays with fragrance.

**INSTRUCTOR:** Rosina McIvor  
**DATE:** Saturday, November 12, 9:00 to 11:00 a.m.  
**FEE:** $18

**Dormant Season Pruning**

An autumn pruning program can help to ensure attractive, vigorous, and healthy plants throughout the year. This introductory lecture will cover the principles of pruning, correct timing, and proper tools. Participants will see examples of good pruning in the Arboretum and will have an opportunity to prune a shrub and a tree.

**INSTRUCTOR:** Phil Renfrow  
**DATE:** Saturday, November 19, 9:00 a.m. to 1:00 p.m.  
**FEE:** $15

**Holiday Centerpiece Workshop**

Make your own custom holiday centerpiece at this fun evening workshop. Lois Jackson of Northwest Floral Supply will help you combine fresh flowers, seasonal greenery, and holiday accents such as cones and candles to make a festive design. All materials provided.

**INSTRUCTOR:** Lois Jackson  
**DATE:** Wednesday, December 7, 7:00 to 9:00 p.m.  
**FEE:** $25 (includes materials)
WASHINGTON PARK ARBORETUM

tours

Brisk, sunny days and brilliantly colored leaves combine to make autumn a most delightful time to experience the Arboretum. To help you discover the special treasures that autumn has to offer, you are invited to join one of our guided tours, all of which will start from the Graham Visitors Center unless otherwise announced.

sundays at one

Every Sunday at 1:00 p.m., except December, guided tours begin at the Graham Visitors Center. Knowledgeable guides will enrich your understanding of old favorites as well as introduce you to new aspects of the Arboretum's collections.

Explorers' Walks

An Arboretum plant expert leads 2-hour walking tours for plant enthusiasts the fourth Wednesday of every month from 10:00 a.m. to noon, through November.

Group Tours

Special guided tours for school groups, garden clubs, and other organizations can be arranged with three weeks' advance notice. Call 543–8800 for details.

Graham Visitors Center

The Graham Visitors Center is open every weekend from noon to 4:00 p.m. If you have any extra time, we could use several volunteer weekend workers (especially on Saturday). Call 543–8800 for information.

Continuing Education Staff

John A. Wott, professor
Van M. Bobbitt, coordinator
Lynda Ransley, coordinator (WPA)
Jan Davis, program assistant
Rebecca Johnson, program aide
Scot Medbury, graduate assistant
Sue Ann Funk, graduate assistant

Telephones

CUH—545–8033
9:00 a.m.–4:30 p.m. weekdays
WPA—543–8800
10:00 a.m.–4:00 p.m. weekdays
Noon–4:00 p.m. weekends, holidays

Volunteers Needed

Try something new for fall. Get involved at the Center by volunteering a few hours a week or month. Join our group of friendly receptionists at the Center for Urban Horticulture and be part of the growing group of volunteers who keep the Center running smoothly. Earn discounts on our continuing education courses! Call Jan Davis 543–8616 for more information.

Mailing List Update

If you would like to continue receiving this newsletter, check the date on your address label. If your label is dated prior to November 1987, your name will be removed from our list UNLESS you call 545–8033.
"SOMETHING PERFECT: PEOPLE IN THEIR GARDENS"

THE SPEAKERS

- Wanda Adams is deeply interested in food history. She is a food writer with at the Seattle Post Intelligencer.
- Suzanne Ashworth of the Seed Saver's Exchange is a consultant, author and grower from California.
- Dr. Robert Norton of Washington State University is well-known authority on local varieties of fruits.
- Jerilynn Brusseau is a local restaurateur and culinary diplomat.
- Gail Brant, M. P.H., R.D., is a consulting dietitian who will talk about the nutritional value of new foods.
- Brant Rogers, culinary botanist and the Northwest's greengrocer, is your host for the day.

MEET THE AUTHORS
Among others:

Alice Waters, chef at Chez Panisse in Berkeley, California, will share her new book.

THE RENAISSANCE

A typical produce aisle in the 1970’s carried about 70 items. Today the same aisle may offer more than 200 types of foods. Similar trends abound in restaurant menus, gardens and agricultural fields all over the region. The variety of fruits, vegetables, nuts and other plant-derived foods being used in our diets is growing by leaps and bounds.

Farms and gardens in the Pacific Northwest offer an extremely diverse selection of fruits, vegetables and other produce, but even more varieties could be grown here. Hundreds of new subtropical and tropical varieties are being imported from other parts of the country and the world.

Listen to and talk with those who bring growing, food preparation, nutrition and produce marketing together. Learn to grow the fruits, vegetables and nuts you use regularly. Taste foods you’ve never seen. Obtain information about the nutritional content of novel produce you grow or sell. Watch as both familiar and unfamiliar foods are prepared by experts.

EXHIBIT SESSIONS

Twelve informal exhibit sessions will offer an opportunity to speak with some of most knowledgeable food, produce and horticulture experts in our area. A few of these are:

John Adams, author of *Epicurean Gardener*, will share new vegetable varieties for the Northwest.

Paul Motyoshi of Uwajimaya Cooking School will offer advice on uses of oriental vegetables.

Goldie Caughlin of Puget Consumers Co-op will offer and describe foods with quinoa, amaranth, blue corn and tefe.

Dr. Erik Sorenson of Washington State University will share a variety of new potato types for the Northwest.

Charlie Yasuda, a tropical horticulturist will show and tell with tropical fruits and vegetables.

Jeff Miller of Willie Green’s Organic Farm will provide demonstrations and information about new local greens and organic produce.

Other sessions will cover wild edible plants, new tree fruits, organic produce, pesticide residue issues, sea vegetables and more.

The Farmers’ Roundtable will be offered to growers and other interested parties at the end of the day as a training, networking and organizational meeting. The Roundtable agenda is available from the planning committee.
